HR manager Dear Sir, I saw this opportunity to work as a fleet officer as an ideal job for me, for which I would like it very much to apply. I am well experienced working as a fleet tracking administrator, which I have vast knowledge on various tracking products, and platforms. I will be very excited to have a chance to work and contribute my knowledge to your company. I am confident that my skills and qualification will be the perfect option for this position. I have a deep understanding of and experience in working with similar products as well as a broad knowledge about Haulage management issues, also with my experience as a IT technician. I was formerly a fleet manager with Cartrack Nigeria Limited, in which I gave an exceptional contribution to the company's success and 30% increase of revenue in my first year of service. I worked for Lafarge tracking unit station (a subsidiary for fleet tracking, and monitoring of large volume of trucks). I am confident that I am an ideal candidate for this position and I would appreciate it very much if you may offer me a chance of an interview where I could further demonstrate my skills to Company. Sincerely, Stephen Kazeem
